Re: U.S. Ser. No. 10/043,452
Filed: January 10, 2002
Entitled: Protein Z-Dependent Protease Inhibitor
By: George J. Broze, Jr.
Assignee: Washington University
Attorney Docket No. WU-3110/5

Attached hereto as requested per the Examiner's facsimile letter dated 04/23/04, we enclose herewith a hard copy (12 pages) printed from the electronic copy of the Sequence Listing filed in the priority application upon which the present application relies through a chain of divisional applications identified in the Preliminary Amendment filed with the present application on January 10, 2002. Please note that this is a Substitute Sequence listing that was filed in compliance with Box No. 12, use of <220> Feature, Source of genetic material, in which applicant specifically indicated the sequence is a "synthetic construct". Therefore, there is no genetic source and the rules re source of genetic material are fully complied with.

Please also note the new telephone number and facsimile number of the below attorney of record which was believed to have been designated in a Customer Number 42058 filed with the PT O by Pharmacia on or before February 25, 2004.

Respectfully submitted,

By
